Technology

This worksheet is about farm machines. What can you discover about the machines farmers use?

Look at the Machines, Hedges, Ponds and Crops on the Farm Walk, and visit the Office too.

Can you find three ways a farmer uses machines to grow food?

(e.g. To use a seed planter, or seed drill, to plant the seeds in the field.)

1.
2.
3.

Can you find two machines a farmer uses to make homes for wildlife?

1.
2.

Machines are very heavy. How do farmers stop the soil getting squashed?

(e.g. They try to always drive down the same tyre tracks in a field.)

1.
2.
